Children MUST be 12 months before the beginning of the term. Only one parent /child.

TumbleKids (3 Year Class and 4-5 Year Class)
These TumbleKids programs will encourage children to explore their physical ability and coordination. We have two primary goals: 1) to raise each child's confidence level by encouraging them to go beyond their own expectations and perceived willingness to try; 2) to develop each child's kinesthetic awareness, physical ability, and coordination. Gymnastics movement patterns and skills, as well as other developmental movements, are the "tools" we use to challenge each child to go beyond their self-imposed boundaries
Children MUST be 3 and/or 4 yr before the beginning of the term.

TumbleKids with Parent (2½-3½ Years)
This is a transition class for those who are ready for a bit more structure. Children will learn how to follow circuits independently.
